 Tripliod Disease Resistant (\$325/million)

If you would like to request multiple strains, please fill out a request for each separately

Quantity Desired** _____

Date ready for larvae: _____

Minimum amount of larvae that your system requires at one time: _____

Maximum amount of larvae that your system can handle at one time: _____

How frequently would you like larvae? (every week, every other week, etc.): _____

What amounts would like the larvae bundled? (1 million bundles, etc.): _____

What is your estimated "window of operation"? _____

Statement, terms and conditions:

- A 25 % non-refundable deposit is required for Triploid and Diploid Disease Resistant strains.
- All orders are custom produced, the time it will take for orders to be ready will vary.
- All orders must be PAID IN FULL before product will be released.
- Payments can be made to UMCES HPL by check or money order or to ORP by credit card, check, or money order. Cash WILL NOT be accepted. Payment for Triploid and Disease Resistant strains must be made to ORP.
- Purchases over \$500 require a certified check or money order; personal checks may be accepted with prior approval.
- Larvae should be used within 24 hours of pick up or delivery, unless advised otherwise by a hatchery employee. Larvae must be handled and stored properly, i.e. transported carefully in a cooler with ice packs and not allowed to dry out or warm up. Failure to introduce larvae into the setting system within this time period or abide by the handling suggestions may result in significant mortality and will be the responsibility of the setter not the hatchery.
- Two shipping options are available:
 - 1. HPL pays FedEx for your shipment, then invoices you for this amount.
 - 2. You may obtain your own FedEx account number to be billed directly by FedEx.
- In the event that you are unable to accept larvae in your requested time frame or in the event that you cancel your order, you will forfeit your deposit unless we are able to resell your larvae. In the event that the facility is unable to fulfill your order, you will be refunded your deposit. Checks can take up to 6-8 weeks to process. Credit cards may be refunded within a few days for purchases less than 6 months old.

Please read the following Warranty Disclaimer; Damages

Warranty Disclaimer; Damages

University of Maryland Center for Environmental Science (UMCES), Oyster Recovery Partnership (ORP), and Maryland Department of Natural Resources (MDDNR) disclaims on behalf of itself, its subcontractors, suppliers and subsuppliers any and all implied warranties, including, without limitation, warranties of merchantability, fitness for a specific purpose, suitability or performance. No promise or affirmation of fact shall constitute a warranty of UMCES, ORP and MDDNR or give rise to any liability or obligation on the part of UMCES, ORP, and MDDNR.

UMCES, ORP and MDDNR and its subcontractors, suppliers and subsuppliers' aggregate responsibility and liability, whether arising out of contract or tort or any other legal context or theory, including negligence and strict liability, under the order, including, but not limited to, all claims for breach of any warranty or guarantee, failure of performance or delay in performance by UMCES or performance or non-performance of the purchased larvae, seed, or spat on shell shall not exceed the order price for the larvae, seed, or spat on shell, and in no event shall UMCES, its subcontractors, suppliers or subsuppliers be liable in contract or in tort or under any other legal context or theory, including negligence and strict liability, for any special, punitive, indirect, incidental or consequential damages of any kind or character, including, but not limited to, loss of revenues or profits or loss under purchases or contracts made in reliance on the performance or non-performance of the purchased larvae, seed or spat on shell, whether suffered by purchaser or any third party, or for any loss or damage arising out of the sole or contributory negligence of the purchaser, its employees or agents or any third party.

Upon receipt of package, open and ensure the contents are cool to the touch. A faint smell is to be expected but an overly fishy smell indicated that contents may have died during transit. If the package is warm or emits

a heavy fishy smell of decay, please reject the package and notify HPL immediately at (410-221-8357 or 410-221-8330).

If damaged materials are received from FedEx, or other carriers, this damage must be reported to the carriers immediately for their inspection. UMCES HPL, ORP, and/or MDDNR will not be held responsible for the condition of shipments after they leave our premises. All such claims must be filed with the carrier.

Please sign and print your name stating that you understand and agree to the terms of this request form.
